

CONSULT THE TABLE

Check out which type of waste will be gathered every day in your area by following the coloured boxes. Each colour in the table corresponds to the type of waste that will be collected. Put the dustbin out everyday from 9.00 to 12.00 pm, according to the type of waste expected for that day. (Example: On Sunday, zone A, the box contains two colors, brown and green: this means that from 21.00 to 24.00 it is possible to put the dustbin with the brown cover and the dustbin with the green cover out of your home).

The colours in the map shows the different collection urban areas. Follow the colours to find your area.

Doubts about which area do you belong in? The list shows the streets that mark off the corresponding collection areas.
